61st International conference of the Wildlife Disease Association / 10th biennial conference of the European Wildlife Disease Association

Published on 27 July 2012

The 61st International conference of the Wildlife Disease Association and the 10th biennial conference of the European Wildlife Disease Association will be jointly organized in Lyon (France) from Sunday July 22nd through Friday July 27th 2012. The main topic of the conference will be "convergence in wildlife health". The organizing and scientific committees (that include Lab members) are aiming at gathering experts in wildlife health from a wide range of experiences and origins.

The workshops will be held at Vetagro-Sup, Campus Vétérinaire. The WDA meeting will be held at the ENS (downtown Lyon)
