## **ALPHY'2017: Bioinformatics and Evolutionary Genomics. February 1 and 2 2017, INSA de Lyon.**

*Published on 2 February 2017*

ALPHY is an annual meeting, organized in France since 1995, dedicated to the field of Bioinformatics and Comparative Genomics (ALPHY = ALignments and PHYlogeny). The main goal of this meeting is to promote informal exchanges in this highly multidisciplinary field, and to encourage young scientists to present their work.

The registration to the meeting is free, but mandatory. Please use the link (top left of this page) to register.

If you wish to present your work, submit your abstract in the registration form.

We will provide grants to help covering the travel and lodging expenses of some students and postdocs.

Priority will be given to those who submitted an abstract. If you wish to apply for a travel grant, do not forget to indicate it in the registration form.

All the details are here: [-> <http://lbbe.univ-lyon1.fr/alphyl>]

See you at ALPHY!

The organizing team:

Guillaume Beslon

Carole Knibbe

Céline Brochier

Laurent Duret

Nicolas Galtier
