Third VISALYS one-day workshop - September 27th, 2016 - From Basic Research to Patient Care

The VISALYS workshops are organised within the framework of an initiative from the Lyon - St Etienne Research Federations involved in the Life Sciences & Health' academic college (. We are inviting you to participate to the third VISALYS one-day workshop 'From Basic Research to Patient Care' that will take place at the University of Lyon on September 27th, 2016.

The workshop organizing committee has selected three themes of debate that will be introduced by keynote lectures in the morning followed by open collaborative workshops in the afternoon on:

- How to promote and develop dual education in science and health?
- What infrastructures would foster pluridisciplinarity and scientist / clinician collaborations?
- Big data management and exploitation: from research data to healthcare
