evodemo2018 : Evolutionary demography society 5th annual meeting 8-10 Jan 2018 Lyon (France)

Published on 8 January 2018

The Evolutionary Demography Society will be holding its 5th Annual meeting on January 8th to 10th at the University of Lyon 1, France. This meeting is an excellent opportunity to share scientific research, and to participate in related skills workshops, related to how demographic processes influence evolution and how evolution shapes the demographic properties of organisms across the tree of life. We especially welcome those who will be attending the EvoDemo Society meeting for the first time. Programs of previous meetings can be found [here](#).

Organization committee:

Jean-Michel Gaillard, Jean-François Lemaître & Victor Ronget
(Laboratoire "Biométrie et Biologie Evolutive", UMR CNRS 5558, Université Lyon 1)
